MEMORANDUM OF UNDERSTANDING
For Transfer of Graduate Credit between
Valley City State University and Mayville State University

This Memorandum of Understanding (MOU) formally recognizes that Valley City State University (VCSU) and Mayville State University (MaSU) are active educational partners, committed to providing greater educational opportunities and services for students transferring between institutions. This commitment strongly supports the concept of seamless transfer that embraces the principle that transfer students should not be required to repeat competencies already achieved.

The purpose of this agreement is to provide a smooth transfer of MaSU graduate credit courses to VCSU’s Master of Education graduate program.

TERMS AND CONDITIONS OF CREDIT TRANSFER

For successful transfer, graduate coursework must be completed subsequent to completion of a bachelor’s degree.

MaSU will submit graduate course syllabi to VCSU for transfer approval on an individual basis. Each approved graduate course for transfer will be recorded and tracked as an addendum to this agreement.

EDUC 599 Teaching STEM Strategies 2 semester credits

This course may be used as an elective for the Master of Education in the Teaching and Technology concentration, Teaching and Learning option only. It may not be used for other options or concentrations.

MaSU is responsible for informing students about how they may use course credit for a VCSU degree, including the specific concentration and option where the credit may be applied.

Students transferring graduate credit from MaSU must meet the graduate school admission requirements of VCSU.

VCSU will allow a student to apply up six (6) semester hours of specified MaSU graduate course work toward a graduate degree. “Specified” graduate course work must be approved for transfer under this agreement and its addendums.

VCSU will agree to waive the "from a graduate program" requirement for the 6 credits in transfer courses

ARTICULATION IMPLEMENTATION AND AGREEMENT REVIEW

The President or designee of the collaborating institutions shall be responsible for implementing this agreement and for identifying and incorporating any changes into subsequent agreements, and for conducting a periodic review of this agreement.

This MOU is in perpetuity or until it is discontinued by either educational partner by submitting written notification to the other partner one year prior to the identified cancellation date in order to protect all students transferring between these institutions.
