Student Assessment Help Document for Undergraduate Students

Student Assessment: Diversity Post-Trip Assessment

After the trip, you will be asked to complete the same questions along with one additional comment box intended for you to share several examples of your learning during the experience. The post trip assessment form is found by scrolling further down the page from the pre-trip assessment. The post-trip comments may take a little more time than the pre-trip assessment.

1. Complete the four questions, list modifications you might consider applying as a teacher and identify the two or three things you learned.

![Diversity Post-Trip Assessment Form]

The post-trip form has the one additional box in comparison to the pre-trip form.

2. Click Submit and Review Your Responses button to end the session.
