Student Instructions for VoiceThread
Find the class assignment that you need to comment on.
Then click the assignment.
Find the assignment that you need to work on. Depending on the instructor, you may have to look through all the photos and titles to find the correct assignment.
This is how the assignment page will look.

Over here will be the instructor’s comment. This could be a written or video comment. A voice comment would begin playing as soon as it started.
Now, it’s your turn to comment.

**Comment Style 1: Written comment**
Click the ABC button and then type your comment.

Your comment will be under the instructor’s comment.
Comment Style 2: Voice Recording
Click the microphone button and begin speaking after the countdown.
Note: This will require the use of your microphone (most computers have one attached).

After you listen to your voice recording, you can either cancel it and start over or save it.
Comment Style 3: Video Recording

Click the video recorder button and begin to record your video.
Note: This will require the use of your video camera (most computers have one attached).

After you have recorded your video, click stop recording and either cancel or save it.
Comment Style 4: Upload
Click the upload button and upload a photo or document to the VoiceThread.
Comment Style 5: Doodle
Click the pencil icon (while in either a video or voice recording session) and begin to doodle.
