Description

Students will participate in the National Association for Music Education (NAfME) Model Cornerstone Assessment pilot program. Requirements include the use of the assessments in student's own music classroom, collection of data on music student achievement and samples of music student work, and the submission of a reflective follow-up survey.

Text: No text required.

Objectives

At the completion of this course, the student will have

- Utilized a new system of assessment in their classroom.
- Collected data on the effectiveness of that assessment system.
- Reflected on the effectiveness of the assessment system.

Course Requirements

Students will spend at least 15 hours per enrolled credit accomplishing the following:

- Implementing the assessment pilot in their classroom
- Submitting student achievement data and student work to pilot coordinators
- Completing the pilot program follow-up survey.

Required Student Resources

Materials provided as part of the Pilot Program

Evaluation Plan

Students will be granted satisfactory credit upon submission of their student's achievement data, samples of student work, and the follow-up survey. Program coordinators at NAfME will verify the submission of the required materials.

Contact Hours

Students will conduct the pilot program in their own classrooms. Submission of materials to instructor certifies that at least 15 hours per credit hour were spent in the implementation of the pilot program.
