

NEW ENDORSEMENT AT VCSU

Pathways to Gifted and Talented Endorsement

Valley City State University offers teachers different pathways to earn a North Dakota Gifted and Talented Endorsement, through a hybrid program that combines coursework from Extended Learning professional development courses in Gifted Education and STEM ED graduate coursework.

- Houses gifted and talented education within STEM ED, where there is a high degree of overlap in materials, methods, problem solving, and creativity.
- Trains teachers to meet the needs of their Gifted and Talented learners within the general education classroom OR within a Gifted and Talented program
- Only 17 credits; can also lead to a Master's Degree in STEM ED.
- Can be completed in 9-12 months
